SPECIFIC

Operational/CADORY

Subject of EGBA 26643, 20 October 1955

1. Provisional Operational Approval for Subject expires on 28 March 1956 unless extended or replaced by a Full Operational Approval.

2. Since Subject meanwhile has been replaced and we do not know whether operational considerations necessitate future contacts between Subject and KUBARK personnel, we would appreciate knowing whether (a) the POA should be cancelled, or (b) the present POA should be extended for another 90 days, or (c) a Full Operational Approval should be requested. In the latter case we would need additional PRQ Part I data as far as available and a PRQ Part II.
